SCORE 130 Launches New Small Business Website

Gulfport, Mississippi—The Gulf Coast Chapter of SCORE was launched a completely redesigned website for local entrepreneurs.

The website has been designed to make it even easier for small business owners and budding entrepreneurs to access SCORE's workshops and their free one-on-one counseling provided by volunteers. SCORE's volunteers consist of former and active CEOs and senior managers from all facets of the business world. The website development work was provided by Mordue Greenlight.

Since 1964, the non-profit SCORE "Counselors to America's Small Business" has helped more than 8 million aspiring entrepreneurs and small business owners through counseling and business workshops. More than 11,200 volunteer business counselors in 389 chapters serve their communities through entrepreneurial education dedicated to the formation, growth and success of small businesses.
